UPS reserves the right to refuse any package which by reason of the dangerous or other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or which is economically or operationally impracticable to transport, or which is improperly or insecurely packed or wrapped.

Packages must be so packed or wrapped as to pass the tests set forth in International Safe Transit Association Projects 1 & 1A. Common fireworks will not be accepted by UPS for transportation.

C.O.D. Packages

C.O.D. means, for all purposes, Collect On Delivery.

Preparation and Listing of C.O.D. Packages: C.O.D.s are accepted for amounts up to US\$50,000 per package. The shipper will prepare and attach to each C.O.D. package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS shipping record in the space provided for that purpose.

Responsibility for C.O.D.s: UPS will collect for C.O.D. merchandise the amount shown on the C.O.D. Tag attached to the package and be responsible for and promptly transmit to the shipper the amount so collected or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within 45 days from the date of shipment of C.O.D. shipments if the shipper has not received payment of the C.O.D. amounts.

Consignee's Checks in Payment of C.O.D.s: Unless instructions to collect cashier's check or money order only are shown on the C.O.D. Tag, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee, in conformity with the instructions on the tag. When instructions to collect cashier's check or money order only are clearly indicated on the C.O.D. Tag, UPS reserves the right to accept cashier's check, money order, official bank checks, or other similar instrument issued by or on behalf of the consignee. All checks (including cashier's checks and official bank checks) and money orders tendered in payment of C.O.D.s will be accepted by UPS at the shipper's risk including, but not limited to, risk of nonpayment and forgery, and UPS shall not be liable upon any such instrument. Payment for any C.O.D. package of \$10,000 or more must be received in a single check or monetary instrument such as a cashier's check, money order, or official bank check.

Currency in Payment of C.O.D.s: UPS will not accept currency in any amount for payment of C.O.D. shipments.

Charges for C.O.D. Collections: An additional charge, as stated on the current rate chart, will be assessed for each C.O.D. received for collection.

C.O.D. and Call Tag services are not provided for international shipments.

Delivery Confirmation

At the time a shipper tenders a package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the shipping record provided to UPS, or, as applicable, by attaching a special label approved by UPS, requesting Delivery Confirmation Service. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, as stated on the current rate chart, will be assessed for each such response. All responses will be consolidated and provided to the shipper weekly in printed or electronic format.

A shipper may instruct UPS to obtain the recipient's signature and to include it on the response at an additional charge, as stated on the current rate chart.

A shipper may elect to direct the response to a return address specified on the label. In such case, the response will be mailed individually and an additional charge, as stated on the current rate chart, will be assessed.

Next Day Air Early A.M. Verbal Confirmation of Delivery

The shipper may request optional verbal confirmation of delivery by indicating Verbal Confirmation of Delivery on the UPS Next Day Air Early A.M. Shipping Document in the space provided. When this service is selected, the carrier will call the shipper to confirm delivery on the day of delivery. An additional charge, as stated on the rate chart in effect at the time of shipping, will be assessed for each Verbal Confirmation of Delivery request.

FAX P.O.D. (Proof Of Delivery)

Upon request, UPS will provide proof of delivery via facsimile transmission. The request must include a FAX number, including area code, for an operating FAX machine. An additional charge, as stated on the current rate chart, will be assessed for each successfully transmitted FAX P.O.D.

Saturday Delivery of UPS Next Day Air and UPS Next Day Air Early A.M.

The shipper may request optional Saturday delivery of UPS Next Day Air and UPS Next Day Air Early A.M. shipments to the destinations identified in the UPS Guaranteed Delivery Schedule by attaching a Saturday Delivery routing label (provided by UPS) to each package. An additional charge, as stated on the current rate chart, will be assessed for each UPS Next Day Air or UPS Next Day Air Early A.M. package received for Saturday delivery.

Hold for Pickup Service

The shipper may request UPS to hold a package at a designated UPS facility for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS facility. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the package.

UPS will hold the package at the designated facility and will attempt to contact the consignee at the telephone number shown on the label. Packages will usually be made available by 8:30 a.m. on the scheduled day of delivery. Packages not picked up within five business days from the date of arrival will be returned to the shipper.

Correction of Wrong Address

If UPS is unable to deliver any package because of an incorrect address, UPS will refer to the telephone directory and make every other reasonable effort to secure the correct address. If the correct address is secured, UPS will make another attempt at delivery and the shipper will be notified of the correction of address. An additional charge, as stated on the current rate chart, will be assessed for each Address Correction.

Use of the ZIP Code

The consignee's postal code, telephone number, and contact name are essential information. To ensure prompt delivery, always include the postal code, telephone number, and contact name on the UPS Waybill or address label.

UPS Access Point™ Locations

A "UPS Access Point™" location is an independently owned and operated business where a Consignee or other recipient may, where available, receive a Package Delivery or tender a processed package through a UPS Shipping System for shipment.

Packages that may be received for Delivery or tendered for shipment at a UPS Access Point™ location are subject to restrictions, including, without limitation, in regard to weight and size and actual and declared value, as set forth in the applicable Service Guide and on the [ups.com](https://www.ups.com) website. UPS Access Point™ locations will hold Packages for up to seven (7) calendar days.

Deliveries Attempted Three Times Without Additional Charge

If UPS is unable to make delivery of a shipment, a Delivery Notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver will be made without additional charge. For Residential deliveries and where available, UPS may in its sole and unlimited discretion, after the first delivery attempt, deliver a Shipment to a UPS Access Point™ location, where such Shipment will be held for pickup. Requests for subsequent Delivery attempts are subject to additional Charges which will be assessed to the Consignee. For UPS Worldwide Express Freight shipments, only one delivery attempt will be made; subsequent delivery attempts are subject to additional charges which will be charged to the consignee.

Interruption of Service

UPS shall not be liable for any interruption of delivery service due to a cause beyond its control, including but not limited to, the absence of a person or the refusal of such person of accepting the delivery of the shipment, demure due to the consignee, force majeure, action of the public authorities con real or apparent authority over the facilities, action or omissions of the public customs authorities or the like, riots, strikes, or other labor disputes, public disturbances, factors that disrupts the air and ground transportation systems such as weather conditions and natural disasters, and an act of God.

Return of Undeliverable Packages

Shipments refused by the Consignee, or which are undeliverable for any reason, will be returned to the Shipper at Shipper's expense, including, but not limited to, forwarding costs, return transportation charges and all other applicable Charges, duties, and taxes. Such Charges will be calculated as a newly-initiated Shipment between the original delivery address and the return address, and will include (but not be limited to) all applicable surcharges. All original Charges will continue to apply as if the package were delivered to the original delivery address. Undeliverable international Shipments returned to the Shipper also are subject to an undeliverable Shipment surcharge set forth in the effective UPS Rates. The UPS Service Guarantee does not apply to undeliverable Shipments returned to the Shipper.

UPS reserves the right to dispose of a Shipment, including salvage (for salvaged Shipments or goods found in the UPS system) if the Shipment is refused by the Consignee or for any other reason cannot be delivered, and return of the Shipment is refused by the Shipper or the Shipment or goods cannot be returned to the Shipper for any reason. UPS reserves the right in its sole discretion to determine whether and how long to retain such Shipments or goods prior to disposition.

For undeliverable U.S. import Shipments, if the Shipper does not respond and provide adequate further instructions within two operating days, UPS reserves the right in its sole and unlimited discretion to dispose of the Shipment, or return it to the Shipper at the Shipper's risk and expense, and Shipper waives any claim for loss or damage.

Package Charge

See the current rate chart for UPS Air Services' rates. Transportation charges for a package measuring one cubic foot or less, except the charges for UPS Air Services Letters, are based on the gross weight of the package. Transportation charges for a package measuring over one cubic foot are based on the gross weight of the package or the dimensional weight of the package, whichever is greater. Dimensional weight is determined by dividing the volume of a package (in cubic inches) by 194. Fractions of a pound will be increased to the next full pound.

Additional Handling Charge

Domestic shipments in the UPS system may be assessed an Additional Handling charge. This charge applies to the following:

- Any article that is encased in an outside shipping container made of metal or wood
- Any item, such as a barrel, drum, pail, or tire, that is not fully encased in a corrugated cardboard shipping container
- Any package with the longest side exceeding 60 inches or its second-longest side exceeding 30 inches

Certain Large Air Packages may be subject to the Additional Handling charge while designated Large Packages are exempt.

Additionally, UPS reserves the right to assess the Additional Handling charge for any package that, in UPS's sole discretion, requires special handling.

This charge may be applied to all packages without regard to the service level selected.

Peak Surcharge

One or more Peak Surcharges will apply to certain Packages tendered to UPS for shipment during a Peak Period, based on service level and package characteristics. Details regarding the application of Peak Surcharges and Peak Periods are set forth at [ups.com](https://www.ups.com). Peak Surcharges apply cumulatively if a Package meets more than one of the specified criteria. Peak Surcharges apply in addition to any other applicable charges. No waiver, discount, or reduction of any type to the Peak Surcharges shall apply unless UPS agrees in writing to such waiver, discount, or reduction with specific written reference to the Peak Surcharges.

Weekly Service Charge

When pickup service is requested and furnished, a weekly service charge, as stated on the current rate chart, will be applied. UPS will call at the shipper's premises once each business day to pick up packages for delivery to all points served without special pickup request and whether or not any packages are available for delivery.

Payment of Charges

Unless otherwise indicated on the shipping record provided to UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and 3rd Party billing providing the receiver or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, as stated on the current rate chart, will be charged for a missing or invalid account number when either Collect billing or 3rd Party billing has been selected on the shipping record provided to UPS. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of nonpayment by the receiver or third party, the charges will be reversed and billed back to the shipper.

Payments for Service

UPS credit terms require payment of all charges within seven (7) days after receipt of the UPS bill.

Credit or refunds for transportation charges will be remitted to the payer only.

Responsibility for Loss or Damage

Unless a greater value is declared in writing in the space provided on the shipping record provided to UPS, the shipper declares the released value of each package to be no greater than US\$100, which is a reasonable value under the circumstances surrounding the transportation. For each US\$100 or fraction thereof of declared value per package in excess of US\$100, an additional charge, as stated on the current rate chart, applies. UPS will remit excess valuation charges to an insurance company or companies as a premium for shipper's interest insurance for the shipper's account and on its behalf. When UPS does so, claims for loss of or damage to the shipper's property will be filed with and settled by UPS on behalf of the applicable insurance company. Shippers' Interest Policies are available for inspection at the office of UPS. Claims not made within nine months after delivery of the package or, in the case of nondelivery, within nine months after a reasonable time for delivery has elapsed, shall be deemed waived. UPS shall not be liable for loss or damage to undeliverable U.S. import Shipments where the Shipper fails to respond and provide adequate further instructions within two operating days and UPS disposes of the Shipment or returns it to the Shipper. UPS shall not be liable for any punitive, special, incidental, or consequential damages.

Data Protection

The shipper agrees that UPS and other companies in the UPS group of companies worldwide, including companies in countries that may not have the same level of data protection as the country where the

shipment is tendered for service, may use any data provided by the shipper to UPS for the purposes set forth in and subject to the UPS Privacy Notice published on UPS's website at <http://www.ups.com/content/us/en/resources/ship/terms/privacy.html>, which is incorporated here by this reference. The shipper has certain rights under the law (exercisable by contacting UPS) to have access to, rectify, object to the use for direct marketing of, or delete personal data held by UPS about it.

Use of PLD Obtained Email Addresses

By including the email address of the Consignee or associated addressee in PLD for a Shipment ("PLD Email Address(es)"), the Shipper acknowledges and agrees that UPS may send notifications related to the delivery of such Shipment to the Shipment's associated PLD Email Address(es) and may use such PLD Email Address(es) in accordance with the UPS Privacy Notice in effect at the time of shipping, to the extent permitted by law. The Shipper warrants that (i) informed and specific consent has been secured from the individual associated with each PLD Email Address(es) to receive notifications related to the delivery of such Shipments and for use by UPS of the PLD Email Address in accordance with the UPS Privacy Notice in effect at the time of shipping, to the extent permitted by law and that (ii) the PLD Email Address(es) is accurate and is controlled by the Consignee or associated addressee for the Shipment with which it is associated. The Shipper shall defend, indemnify and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from and against any and all liability, losses, damages, costs and expenses (including reasonable legal fees) of any nature whatsoever incurred or suffered in connection with damages arising out of or resulting from any breach of the warranties in the previous sentence.
