This is the current version as at the date of publication of this Guide. The latest version, which shall always be the applicable one for new shipments, may be found at [www.ups.com](http://www.ups.com).

**Please note** that the rates provided in this guide exclude customs duties, taxes, clearance-related charges, VAT, Universal Postal Service and the Information Technologies and Communication Authority (BTK) Contribution fee and all surcharges. The rates specified pertain exclusively to business transactions. However, all other information in this guide applies to all customers, regardless of whether they are businesses or consumers. For consumer rates and further information, please visit [UPS.com](http://UPS.com).

## **UPS Terms and Conditions of Carriage**

All shipments are governed by the UPS Terms and Conditions of Carriage ("Conditions of Carriage"), which are available on the relevant [UPS.com](http://UPS.com) website. For shipments originating in Cyprus, please refer to the applicable Conditions of Carriage on [UPS.com](http://UPS.com). In case of any discrepancies, the online Conditions of Carriage take precedence.

## 1. ZONE TABLES

**In this section you will find information about where you can send to and receive from, using our zone tables.**

The following pages list which service options are available to and from a particular destination and origin and are also used to identify a shipment's zone number. You will need the zone numbers when calculating the cost of your shipment.

You will need the zone numbers when calculating the cost of your shipment in [Section 2](#) and [Section 3](#).

If a specific service is not indicated by you, the shipment will automatically be sent and billed as UPS Express where available.

# Zone tables

The following tables list which service options are available to and from a particular destination and origin and are also used to identify a shipment's zone number. You will need the zone numbers when calculating the cost of your shipment.

### Sending or receiving

Use the **sending** zone columns when the shipping charges are billed to a party in the sending country\*.

Use the **receiving** zone columns when the shipping charges are billed to a party in the receiving country\*.

### Using the zone table

- 1 Find the location you are sending to or receiving from.
- 2 A service is generally available when there is a zone number in the sending or receiving column of the country of your choice.
- 3 Note the zone number for later reference when calculating the cost.

\* Please see the UPS Service Guide for more information about billing options.

+ Extended or remote area charge may apply to certain areas.

Tables showing all extended or remote areas can be found in the ['Calculate Time and Cost'](#) section at [www.ups.com](http://www.ups.com).

Please note that extended or remote locations are subject to change.

## 2. DETERMINING THE RATE - SENDING SHIPMENTS

The rate for sending a UPS shipment is determined by its service level, destination zone, weight and any additional charges.

### **How to calculate your shipment rate:**

- 1** Make sure that you are in the correct section. The sending rates in this section apply to any outbound domestic and international shipments when the shipping charges are billed to a party in the **sending country**.
- 2** Use the Zone Tables in Section 1 to determine the correct zone number for your shipments destination.
- 3** Determine the billable weight.
- 4** Turn to the service option of your choice (UPS Express Plus, Express, Express Saver, Standard or Expedited). For more details about our Shipping options and to discover our Additional Services please refer to the UPS Service Guide.
- 5** Find your shipment type in the chart (UPS Express Envelopes, documents or packages). UPS offers separate rates for single package and multiple package shipments for the UPS Standard service.
- 6** Look up the rate that applies to the billable weight and zone for your shipment.
- 7** Note any additional costs, including charges for optional services. For more information please refer to the UPS Service Guide.

### **Time-saving tip**

You can also find the total cost of your shipment via the UPS 'Calculate Time and Cost' tool on the Cyprus homepage at [www.ups.com](http://www.ups.com).

### **Changes to rates and additional charges**

In order to respond to evolving costs and taxes and to ensure a competitive service, UPS reserves the right to amend or introduce rates and charges. A minimum of 10 days notice will be provided.

# How to use this section

Rates in this section apply when the shipping charges are billed to a party in the **sending country**.

### Zone

To determine the zone number, see [Worldwide zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight\*

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding up each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see [Additional Services & Charges](#) for more details.

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### Arrange a collection

Please call UPS on +357 22710100 to arrange a collection.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for domestic and international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Domestic, import and export letters above 0.5kg and less than or equal to 2.5kg will be billed the Doc rate. Domestic, import and export letters above 2.5kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

### How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

- L = length in cm
- W = width in cm
- H = height in cm

\*Shipments originating in the US may undergo a conversion from imperial units of measurement to metric units of measurement.

## 3. DETERMINING THE RATE - RECEIVING SHIPMENTS

The rate for receiving a UPS shipment is determined by its service level, origin zone, weight and any additional charges.

Our rates in your local currency are fixed in advance to avoid the effects of currency fluctuations and allow you to manage your import shipping costs.

### **How to calculate your shipment rate:**

- 1** Make sure that you are in the correct section. The sending rates in this section apply to any inbound domestic and international shipments when the shipping charges are billed to a party in the **receiving country**.
- 2** Use the Zone Tables in Section 1 to determine the correct zone number for your shipments destination.
- 3** Determine the billable weight.
- 4** Turn to the service option of your choice (UPS Express Plus, Express, Express Saver, Standard, Expedited, Worldwide Express Freight or Worldwide Express Freight Midday). For more details about our Shipping options and to discover our Additional Services please refer to the UPS Service Guide.
- 5** Find your shipment type in the chart (UPS Express Envelopes, documents or packages).
- 6** Look up the rate that applies to the billable weight and zone for your shipment.
- 7** Note any additional costs, including charges for optional services. For more information please refer to the UPS Service Guide.

### **Important**

Please ensure that the shipper records your UPS account number on the UPS shipping documents.

### **Total control of imports**

UPS can collect your shipments from around the world. To find out about our secure UPS Import Control service please refer to the Import Control & Trade Direct section of the UPS Service Guide.

### **Time-saving tip**

You can also look up receiving rates in the '[Calculate Time and Cost](#)' section on the Cyprus homepage at [www.ups.com](http://www.ups.com).

### **Changes to rates and additional charges**

In order to respond to evolving costs and taxes and to ensure a competitive service, UPS reserves the right to amend or introduce rates and charges. A minimum of 10 days notice will be provided.

## How to use this section

Rates in this section apply when the shipping charges are billed to a party in the **receiving country**.

### Zone

To determine the zone number, see [Worldwide zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding up each measurement to the nearest whole centimetre) in centimetres by 5,000. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see [Additional Services & Charges](#) for more details.

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### UPS Express Envelope

For correspondence, documents and electronic media only. Document or package rates may apply for envelopes originating from the US.

### Letter weight limit

Letter rates apply for domestic and international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Domestic, import and export letters above 0.5kg and less than or equal to 2.5kg will be billed the Doc rate. Domestic, import and export letters above 2.5kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg or 100kg (UPS Expedited), multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.
