A. Demand Surcharge – Applied to parcels that meet specifications for the Over Maximum Limits

A Demand Surcharge has been in application since April 17, 2023 to any parcels that meet specifications for the Over Maximum Limits to all destinations. Effective September 9, the Demand Surcharge will increase.

Demand surcharge applies to any parcels meeting these specifications originating from 19 countries in Europe to all destinations.

The countries impacted in this scope are: Germany, United Kingdom, France, Italy, Spain, Belgium, Netherlands, Poland, Austria, Ireland, Luxembourg, Portugal, Finland, Czech Republic, Denmark, Hungary, Norway, Sweden and Switzerland.

Over Maximum Limits Charge Specifications: Packages with an actual weight of more than 70kg, or that exceed 274cm in length, or exceed a total of 400cm in length and girth combined [girth = (2 x width) + (2 x height)], are not accepted for transportation. If found in the UPS small package system, they are subject to an additional charge. Packages exceeding 400cm in length and girth combined are also subject to the Large Package Surcharge.

In consideration of the additional handling required on our part, and subsequent potential delays in processing these shipments, UPS does not provide a money-back guarantee for them. UPS does, therefore, not refund the shipping charges if shipments requiring additional handling are not delivered by the time normally scheduled for such shipment.

The Demand Surcharge will be a flat fee per parcel in addition to existing rates, surcharges and/or fees.
