

Reminder for Export Shipments from China Mainland

To facilitate smooth customs clearance process and avoid delays, customers who are shipping from China Mainland are reminded to observe the following shipping guidelines:

- Shippers should ensure all shipment information provided is accurate and complete for export declaration.
- Shippers should ensure shipments do not contain any prohibited items listed on the State Post Bureau of the People's Republic of China's website [here](#) (only available in Simplified Chinese).
- Shippers should ensure packages are correctly labeled, packaged and documented. For example, shipments that do not contain items categorized as 'Dangerous Goods' should not contain 'Dangerous Goods' labels (see sample 'Dangerous Goods' labels below). Shippers reusing packages or boxes should always ensure old labels are removed prior to tendering shipments.

For more details, please reach out to a UPS China customer service representative at 800-820-8388 / 400-820-8388 or your UPS Account Executive.
