

Suspension of Import and Export Services for Drones and Related Core Components in Beijing

In accordance with the [Beijing Municipality Regulations on the Administration of Unmanned Aerial Vehicles](#) (available in Chinese only), effective May 1, 2025, UPS will no longer accept shipments of drones and related core components for export from or import into Beijing.

Customers with special transportation needs must obtain prior approval from the relevant government authorities before shipment.

For a detailed list of core components for unmanned aerial vehicles, please click [here](#) (available in Chinese only) to view the official notification issued by the relevant government authority.

If you have any questions or require assistance, please contact your UPS Account Manager (where applicable) or our UPS Customer Service Hotline at 800 820 8388 / 400 820 8388.
