UPS International Air-Export and International Air-Import Fuel Surcharge

UPS uses an index-based surcharge that is adjusted weekly. Changes to the surcharge will be effective on Monday of each week. The surcharge will be based on U.S. Gulf Coast (USGC) price for kerosene-type jet fuel as most recently released by the U.S. Energy Information Administration (EIA) rounded to the nearest cent. For example, the surcharge for the week of November 17, 2025 is based on the U.S. Gulf Coast (USGC) price for kerosene-type jet fuel released by the EIA the week of November 10, 2024.
