

# 2025 UPS® Tariff Guide - Base

For business customers located in England, Scotland, Wales  
and Northern Ireland.

Effective from 20 April 2025, RATES IN GBP, (excl. VAT and taxes).

---

**This Base UPS Tariff Guide applies to new and many existing business customers.**

**UPS Terms and Conditions of Carriage**

All shipments are governed by the UPS Terms and Conditions of Carriage ("Conditions of Carriage"), which are available on the relevant UPS.com website. For shipments originating in the United Kingdom, please refer to the applicable Conditions of Carriage on [UPS.com](https://www.ups.com). In case of any discrepancies, the online Conditions of Carriage take precedence.

# Table of contents

## **SECTION 1**

### ZONE TABLES

Determine where you can send to and receive from, using our zone tables.

## **SECTION 2**

### DETERMINING THE RATE – SENDING SHIPMENTS

Look up the rate for the service option of your choice.

## **SECTION 3**

### DETERMINING THE RATE – RECEIVING SHIPMENTS

Look up the rate for the service option of your choice.

This is the current version as at the date of publication of this Guide. The latest version, which shall always be the applicable one for new shipments, may be found at [www.ups.com/tariff/gb](http://www.ups.com/tariff/gb)

**Please note** that the rates provided in this guide exclude customs duties, taxes, clearance-related charges, VAT, Universal Postal Service and the Information Technologies and Communication Authority (BTIC) Contribution fee and all surcharges. The rates specified pertain exclusively to business transactions. However, all other information in this guide applies to all customers, regardless of whether they are businesses or consumers. For consumer rates and further information, please visit UPS.com.

## 1. ZONE TABLES

**In this section you will find information about where you can send to and receive from, using our zone tables.**

The following pages list which service options are available to and from a particular destination and origin and are also used to identify a shipment's zone number. You will need the zone numbers when calculating the cost of your shipment.

You will need the zone numbers when calculating the cost of your shipment in [Section 2](#) and [Section 3](#).

For UPS Express and UPS Express Plus shipments to North America, please refer to the 2021 UPS Service Guide for collection cut-off times and the latest time you can call UPS to arrange the collection for next day services.

If a specific service is not indicated by you, the shipment will automatically be sent and billed as UPS Express where available.

The latest information can be found on the UPS website [www.ups.com](http://www.ups.com) or may be confirmed by contacting the UPS Customer Service Centre on 08457 877 877.

# Zone tables

## Sending or receiving

Use the **sending** zone columns when the shipping charges are billed to a party in the sending country\*.

Use the **receiving** zone columns when the shipping charges are billed to a party in the receiving country\*.

## Using the zone table

- 1 Find the location you are sending to or receiving from.
- 2 E A service is generally available when there is a zone number in the sending or receiving column of the country of your choice.
- 3 Note the zone number for later reference when calculating the cost.

For more information on UPS next day services to North America, refer to Section 1 of the UPS Service Guide.

\* Please refer to the UPS Service Guide for more information about billing options.

+ Extended or remote area charge may apply to certain areas. Refer to the UPS Service Guide for more information.

Tables showing all extended or remote areas can be found in the ['Calculate Time and Cost'](#) section at [www.ups.com](http://www.ups.com).

Please note that extended or remote locations are subject to change.

# Zone tables

## Sending or receiving

Use the **sending** zone columns when the shipping charges are billed to a party in the sending country\*.

Use the **receiving** zone columns when the shipping charges are billed to a party in the receiving country\*.

## Using the zone table

- 1 Find the location you are sending to or receiving from.
- 2 E A service is generally available when there is a zone number in the sending or receiving column of the country of your choice.
- 3 Note the zone number for later reference when calculating the cost.

For more information on UPS next day services to North America, refer to Section 1 of the UPS Service Guide.

- \* Please refer to the UPS Service Guide for more information about billing options.
- + Extended or remote area charge may apply to certain areas. Refer to the UPS Service Guide for more information.

Tables showing all extended or remote areas can be found in the [‘Calculate Time and Cost’](#) section at [www.ups.com](http://www.ups.com).

Please note that extended or remote locations are subject to change.

DETERMINING THE RATE -  
RECEIVING SHIPMENTS  
PAGE 18

## 2. DETERMINING THE RATE - SENDING SHIPMENTS

The rate for sending a UPS shipment is determined by its service level, destination zone, weight and any additional charges.

### **How to calculate your shipment rate:**

- 1** Make sure that you are in the correct section. The sending rates in this section apply to any outbound domestic and international shipments when the shipping charges are billed to a party in the **sending country**.
- 2** Use the Zone Tables in [Section 1](#) to determine the correct zone number for your shipments destination.
- 3** Determine the billable weight.
- 4** Turn to the service option of your choice (UPS Express Plus, Express, Express Saver, Standard, Expedited, Worldwide Express Freight or Worldwide Express Freight Midday). For more details about our Shipping options and to discover our Additional Services please refer to the UPS Service Guide.
- 5** Find your shipment type in the chart (UPS Express Envelopes, documents or packages). UPS offers separate rates for single package and multiple package shipments for the UPS Standard service.
- 6** Look up the rate that applies to the billable weight and zone for your shipment.
- 7** Note any additional costs, including charges for optional services. For more information please refer to the UPS Service Guide.

### **Time saving tip**

You can also find the total cost of your shipment via the UPS 'Calculate Time and Cost' tool on the [UK homepage at www.ups.com](http://www.ups.com).

### **Changes to rates and additional charges**

In order to respond to evolving costs and taxes and to ensure a competitive service, UPS reserves the right to amend or introduce rates and charges. A minimum of 10 days notice will be provided.

# How to use this section

Rates in this section apply when the shipping charges are billed to a party in the **sending country**.

### Zone

To determine the zone number, see [Worldwide zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight\*

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please refer to the UPS Service Guide for more details.

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### Arrange a collection

Select "[Schedule a Collection](#)" on the UK homepage at [www.ups.com](http://www.ups.com) or call UPS on 03457 877 877.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for domestic and international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Domestic, import and export letters above 0.5kg and less than or equal to 2.5kg will be billed the document rate. Domestic, import and export letters above 2.5kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg. If you need to ship single packages or pallets in excess of 70kg using:

- 1 Money-Back Guaranteed and Day Definite (UPS Worldwide Express Freight) - please call 03457 877877
- 2 Non Money-Back Guaranteed (Freight) - please consult the Freight Services section in the UPS Service Guide or call UPS on 01753 760 100.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg, 200kg (UPS Standard) or 100kg (UPS Expedited), multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

### How to determine dimensional weight – for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

- L = length in cm
- W = width in cm
- H = height in cm

\*Shipments originating in the US may undergo a conversion from imperial units of measurement to metric units of measurement.

# Billable weight – for UPS Worldwide Express Freight shipments

Compare the freight shipment’s actual weight and dimensional weight. Whichever is the greatest of the two will be the billable weight and should be used when calculating the rate. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greatest.

For multi-piece shipments, the billable weight is determined by summing each pallet’s rounded actual or dimensional weight, whichever is greater.

- 1 Determine actual weight and round up any fraction of a kilogram to the next whole kilogram.
- 2 Determine dimensional weight by multiplying the item’s length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number. The result is the cubic size. Divide the cubic size by 5000. Round up any fraction of a kilogram to the next whole kilogram.

Example									
Freight Billable Weight: Using a Pallet*									
No. of Pieces	Type	Length Each	Width Each	Height Each	Shipment Weight	Pallet Weight	Actual Weight	Dim. Weight	Billable Weight
1	Pallet	90 cm	90 cm	90 cm	143 kg	19 kg	162 kg	146 kg	162 kg

\*Pallet billable weight is equal to the shipment weight (143kg) plus the weight of a pallet (approximately 19kg). Please note that each pallet and its secured contents is considered as one piece.

**Notes** Door-to-Door refers to shipments that are collected at the sender's address and then delivered to the recipient's address. Drop-off refers to shipments that are dropped off at a UPS facility and then delivered to the recipient's address.

Hold at Location refers to shipments that are collected at the sender's address and then delivered to a UPS facility to await collection by the recipient. Drop-off and Hold at Location refers to shipments that are dropped off at a UPS facility and then delivered to another UPS facility to await collection by the recipient.

DETERMINING THE RATE -  
RECEIVING SHIPMENTS  
PAGE 18

## 3. DETERMINING THE RATE - RECEIVING SHIPMENTS

The rate for receiving a UPS shipment is determined by its service level, origin zone, weight and any additional charges.

Our rates in your local currency are fixed in advance to avoid the effects of currency fluctuations and allow you to manage your import shipping costs.

### **How to calculate your shipment rate:**

- 1** Make sure that you are in the correct section. The receiving rates in this section apply to any inbound domestic and international shipments when the shipping charges are billed to a party in the **receiving country**.
- 2** Use the Zone Tables in [Section 1](#) to determine the correct zone number for your shipments origin.
- 3** Determine the billable weight.
- 4** Turn to the service option of your choice (UPS Express Plus, Express, Express Saver, Standard, Expedited, Worldwide Express Freight or Worldwide Express Freight Midday).
- 5** Find your shipment type in the chart (UPS Express Envelopes, documents or packages). UPS offers separate rates for single package and multiple package shipments for the UPS Standard service.
- 6** Look up the rate that applies to the billable weight and zone for your shipment.
- 7** Note any additional costs, including charges for optional services. For more information please refer to the UPS Service Guide.

### **Important**

Please ensure that the shipper records your UPS account number on the UPS shipping documents.

### **Total control of imports**

UPS can collect your shipments from around the world. To find out about our secure UPS Import Control service please refer to the Import Control & Trade Direct section of the UPS Service Guide.

### **Time saving tip**

You can also look up receiving rates in the '[Calculate Time and Cost](#)' section on the [UK homepage at www.ups.com](#).

### **Changes to rates and additional charges**

In order to respond to evolving costs and taxes and to ensure a competitive service, UPS reserves the right to amend or introduce rates and charges. A minimum of 10 days notice will be provided.

## How to use this section

Rates in this section apply when the shipping charges are billed to a party in the **receiving country**.

### Zone

To determine the zone number, see [Worldwide zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight\*

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please refer to the UPS Service Guide for more details.

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for domestic and international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Domestic, import and export letters above 0.5kg and less than or equal to 2.5kg will be billed the document rate. Domestic, import and export letters above 2.5kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg. If you need to ship single packages or pallets in excess of 70kg using:

- 1 Money-Back Guaranteed and Day Definite (UPS Worldwide Express Freight) - please call 03457 877 877
- 2 Non Money-Back Guaranteed (Freight) - please consult the Freight Services section in the UPS Service Guide or call UPS on 01753 760 100.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg, 200kg (UPS Standard) or 100kg (UPS Expedited), multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

\*Shipments originating in the US may undergo a conversion from imperial units of measurement to metric units of measurement.

# Billable weight – for UPS Worldwide Express Freight shipments

Compare the freight shipment’s actual weight and dimensional weight. Whichever is the greatest of the two will be the billable weight and should be used when calculating the rate. The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greatest.

For multiple-piece shipments, the billable weight is determined by summing each pallet’s rounded actual or dimensional weight, whichever is greater.

- 1 Determine actual weight and round up any fraction of a kilogram to the next whole kilogram.
- 2 Determine dimensional weight by multiplying the item’s length by the width by the height. For each dimension, measure the largest distance, rounding each measurement to the nearest whole number. The result is the cubic size. Divide the cubic size by 5000. Round up any fraction of a kilogram to the next whole kilogram.

Example									
Freight Billable Weight: Using a Pallet*									
No. of Pieces	Type	Length Each	Width Each	Height Each	Shipment Weight	Pallet Weight	Actual Weight	Dim. Weight	Billable Weight
1	Pallet	90 cm	90 cm	90 cm	143 kg	19 kg	162 kg	146 kg	162 kg

\*Pallet billable weight is equal to the shipment weight (143kg) plus the weight of a pallet (approximately 19kg). Please note that each pallet and its secured contents is considered as one piece.
